20–22 November 2026

Coolamon Station, Northern Rivers Hinterland

Help your child discover what they're capable of.
Three days. Just the two of you.

10 PAIRS ONLY

Help your child discover what they're capable of.

WILD IDEAS is a three-day adventure for entrepreneurial parents and their children. Together, you'll cycle the Northern Rivers Rail Trail, build a wilderness camp, cook over fire, work on a new business idea and charter a private vessel to snorkel with turtles.

Along the way, your child will begin turning something they care about into their first entrepreneurial venture. They'll practise curiosity, courage, communication, resourcefulness and problem-solving through experiences that are real, unpredictable and wonderfully screen-free.

Just the two of you building courage, capability and an idea together.

THE ADVENTURE INCLUDES:

- Entrepreneurial workshops and follow-up mentoring with successful entrepreneurs
- Two nights of private glamping in a beautiful setting
- Bushcraft, shelter building and fire craft
- Northern Rivers Rail Trail cycling
- Communal campfire cooking
- Guided nocturnal wildlife walk
- Private turtle-snorkelling charter
- All meals and activities
